Summary of Progress

This week we have worked on the project plan. We had a status update meeting talking about what needs to be work on this week(project plan), and the plan for next week(Finish Project Plan and individual reflection) and possibly update Trello board with list of Todo.

Pending Issues

- 1) Client have not finish parepare the code.
 - 2) Some of the team members not familiar with the technology that is going to be used later.
 - 3) Unfinished Project Plan.
-

Plans for Upcoming Reporting Period

1. Finish Project Plan
2. Update Trello with list of ToDo.

Senior Design Weekly Status Report

Individual Contributions

Team Member	Contribution	Weekly Hours	Total Hours
Christopher Bui	Worked on project plan functional and nonfunctional requirements. Team meeting discussing architecture and use case diagram. Noting design choices on how components will interact. Determined a rough milestone plan and tests.	5	11
Brian Chodur	I went through a react tutorial to refresh on some react. I also set up a small meeting in the library. I also worked on the project plan this week too.	6	12
Luke Stoll	Researched the difference between the product we are making and the similar products such as dropbox .	4	10
Jason Zhao	Worked on the project plan, specially on Expected end deliverables, Related Work, Estimated Resources, Operating Environment, Intended users/uses, Assumptions and limitations sections. Created the template and worked on the	8	14
